EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Edward Tracy on December 5, 2005.

The application has been amended as follows:

IN THE CLAIMS:

In claim 1, line 15, --, wherein a leading edge portion of the bimetallic structure is free of said second material -- has been inserted after "smaller than the first".

The above change to Claim 1 has been made to include allowable subject matter, similar to what is found in claims 7 and 16.

Response to Arguments

Applicant's arguments, see arguments (page 13 at paragraph 2 and page 14 at paragraph 1), filed 11/14/2005, with respect to the leading edge portion being free of the second metal have been fully considered and are persuasive. The rejection of claims 7-

20 has been withdrawn. Examiner's amendment to claim 1 added allowable subject matter, consequently the rejection of claims 1-6 has been withdrawn.
